SY'2020-21 is a different year for all of us. We do not know if class pictures will be able to be done this year, so we took advantage of this beautiful October day and made it happen. We took a mask on, mask off class photo outside and then a fun picture on a playground structure. All homeroom teachers will be able to send parents the photos so they can print them out. We hope you enjoy viewing them as much as the children enjoyed posing for them!
