

Our 7th graders have just completed their science fair projects under the direction of Ms. Danielle Johnson. Despite working remotely, the projects were a big success and exemplified the spirit of scientific discovery and inquiry needed to solve real world problems in this rapidly ever-changing world. Congratulation to the entire 7th grade class. Our finalists are listed below but all projects can be seen here. <https://flipgrid.com/27451487>
