

PARENT/STUDENT CHROMEBOOK AGREEMENT

Lawrence Family Development Charter School is pleased to inform you that your child may have the privilege of using an LFDCS assigned Chromebook. This program is to help students complete teacher assigned schoolwork at home (if applicable), encourage additional reading at home during weekends and school vacations (if applicable), and for use during an emergency shut down (if applicable). Accepting use of the Chromebook is a responsibility for student and family. Please read and consider all of the following expectations, and if you agree to them, please sign the consent form, have your child sign their section and return to your child's teacher.

LFDCS Chromebook Consent Agreement:

- Do not mark the Chromebook or its case in any way with markers, stickers, etc. Do not remove the barcode identification label.
- Do not insert foreign objects in the ports (openings); use care when installing the charger in the port.
- There should never be any food or drink consumed when using the Chromebook, as spilled substances can cause serious damage.
- Hands should be clean and dry when using the Chromebook; use a soft, dry cloth to wipe screen.
- Use of the Chromebook is solely for LFDCS students to whom it is issued. It is not meant to be used by any other person, including family members.
- Parents are responsible for supervising use of the Chromebook for students who take their Chromebook home (for students in grades 5-8 and grade 4 after January 1) and ensuring its safe return to school. Chromebooks must be returned to school in working conditions at the end of the school year or as required by the school.
- For students in grades 5-8 and grade 4 after January 1 who take home their Chromebooks, you are provided insurance for \$50 which will cover one repair of the Chromebook. After that, or if the Chromebook is not returned when required in working condition, there will be a \$400 replacement cost to you. Please include a check for \$50 with this consent agreement payable to LFDCS. This amount is nonrefundable.
- Use of the Chromebook is restricted to materials installed or provided by LFDCS for school work only.

PARENT AGREEMENT:

PLEASE READ THE FOLLOWING, AND SIGN IF YOU WISH YOUR CHILD TO HAVE USE OF THE CHROMEBOOK AT HOME (students in grades 5-8 and grade 4 after January 1)

- I have read the above expectations and will adhere to them.
- I will supervise the use and safety of the Chromebook in my home.
- I accept financial responsibility for any damage or loss which may result from my child's use of the Chromebook.
- I am attaching a check for \$50 for my insurance. I understand this is a nonrefundable cost for insurance. I also understand that without the payment of the \$50 for insurance, my child will not be issued a device to bring home.

PARENT AGREEMENT:

STUDENT AGREEMENT:

- I have read the LFDCS Chromebook Consent Agreement above and understand my responsibilities.
- I agree to comply with all policies.
- I understand I may lose my Chromebook privileges as a result of inappropriate or irresponsible behavior and will be financially responsible for intentional damage or loss of the school's Chromebook not being returned in working condition.
